

The Emory Psychology PhD Overview of Requirements Checklist

For students who entered the psychology doctoral program fall 2020 (and later), and fall 2019 entrants who opted into the concentrations program

ALL STUDENTS MUST COMPLETE TO GRADUATE

- PSYC 562 Stats I Design and Analysis (3 credits)
- PSYC 563 Stats II Predictive Modeling (3 credits)
- PSYC 760 Teaching Practicum (2 credits)

- ### Teaching Requirements
- Years 1-3
- TATT 600 (Workshop)
 - TATT 605 (TA – 1)
 - TATT 605 (TA – 2)
 - TATT 610 (TA – 3)

- ### Laney JPE Requirements
- JPE 600 (Workshop)
 - JPE 610 – Session 1
 - JPE 610 – Session 2
 - JPE 610 – Session 3
 - JPE 610 – Session 4

Concentrations – Core Coursework

Take the 2 core courses for your primary concentration area and 1 core course from another concentration area

NOTE

▶ If you have a secondary concentration, then you are required to take the 2 core courses for your primary concentration and the 2 core courses of your secondary concentration

Behavioral and Systems Neuroscience	Clinical Science	Cognitive and Computational Sciences	Developmental Science
<ul style="list-style-type: none"> <input type="checkbox"/> PSYC 550 Fundamentals of Systems Neuroscience <input type="checkbox"/> PSYC 552 Evolution and Animal Behavior 	<ul style="list-style-type: none"> <input type="checkbox"/> PSYC 541 Personality & Psychopathology <input type="checkbox"/> PSYC 542 Clinical Research Methods + Additional CS coursework requirements (see pgs. 4 & 5) 	<ul style="list-style-type: none"> <input type="checkbox"/> PSYC 554 Fundamentals of Human cognition <input type="checkbox"/> PSYC 555 Memory, Emotion & Social Cognition and Thinking 	<ul style="list-style-type: none"> <input type="checkbox"/> PSYC 543 Cognitive and Social Development <input type="checkbox"/> PSYC 544 Developmental Theory and Methods

(Requirements for all students continued on next page)

1 Elective Course (3 credits) *Can be from inside or outside the department*

Name of Elective Course taken:

Course number:

Department name:

Track other Elective Courses you have completed

Offered in Department of Psychology:

You can add other elective courses that you complete, below:

- PSYC 770 Multilevel Modeling (3 credits)**
- PSYC 770 Grant Writing (2 credits)** This course is a 2-part sequence. You must complete the full sequence to get the credits.
- PSYC 770 Latent Variable Models (3 credits)**

Required Research Seminar Rotation (2 credits)

Required in Years 1 through 3, and strongly recommended in Years 4 and 5. Each seminar will combine students and faculty from two concentrations.

Psyc 777 Research Seminar A		
Year 1	<input type="checkbox"/> Fall	<input type="checkbox"/> Spring
Year 2	<input type="checkbox"/> Fall	<input type="checkbox"/> Spring
Year 3	<input type="checkbox"/> Fall	<input type="checkbox"/> Spring

Psyc 778 Research Seminar B		
Year 1	<input type="checkbox"/> Fall	<input type="checkbox"/> Spring
Year 2	<input type="checkbox"/> Fall	<input type="checkbox"/> Spring
Year 3	<input type="checkbox"/> Fall	<input type="checkbox"/> Spring

Research Credits (varies 3-12 credits)			
<input type="checkbox"/> PSYC 597 Direct Study (1st year)	<input type="checkbox"/> Fall	<input type="checkbox"/> Spring	<input type="checkbox"/> Summer
<input type="checkbox"/> PSYC 599 Masters Research (2nd year)	<input type="checkbox"/> Fall	<input type="checkbox"/> Spring	<input type="checkbox"/> Summer
<input type="checkbox"/> PSYC 797 Direct Research (3rd year)	<input type="checkbox"/> Fall	<input type="checkbox"/> Spring	<input type="checkbox"/> Summer
<input type="checkbox"/> PSYC 799 Dissertation Research (4th year and beyond)	<input type="checkbox"/> Fall	<input type="checkbox"/> Spring	<input type="checkbox"/> Summer

(Requirements for all students continued on next page)

Applied for External Funding

An explicit requirement of the Psychology Department is that each student must submit, within the first four years, at least one grant proposal to a federal program or private foundation or other external source that would, if funded, provide some stipend and/or research support.

Please check if you have applied for external funding at least once in your first four years of the psychology graduate program.
Please provide details of this first application, and subsequent applications for external funding.

First application for external funding

Name of the agency:

Date applied for funding:

Amount of funding:

Second application for external funding

Name of the agency:

Date applied for funding:

Amount of funding:

Third application for external funding

Name of the agency:

Date applied for funding:

Amount of funding:

Fourth application for external funding

Clinical Science Concentration

Required Profession Wide Competency (PWC) Courses	Course open to other concentrations?
<input type="checkbox"/> Core Course PSYC 541 Psychopathology & Personality (3 credits)	✓
<input type="checkbox"/> Core course PSYC 542 Clinical Research Methods (3 credits)	✓
<input type="checkbox"/> PSYC 546 Intervention I (3 credits)	Must have taken Abnormal Psychology or Psychopathology
<input type="checkbox"/> PSYC 548 Assessment I (3 credits)	✓
<input type="checkbox"/> PSYC 750L Assessment I Lab (1 credit)	
<input type="checkbox"/> PSYC 702 Ethical Decision-Making in Psychology (3 credits)	
<input type="checkbox"/> PSYC 770R History of Modern Psychology (1 credit or an undergraduate course)	✓
<input type="checkbox"/> PSYC 770 Professional Issues (1 credit for 6 semesters)	
<input type="checkbox"/> PSYC 750 Internal or External Community Practicum (3-12 credits)	

Required Discipline Specific Knowledge (DSK) courses	
<p>APA/COA requires each student to meet Discipline Specific Knowledge (DSK). Each area must be covered and at least one course designated as ‘#’ (integrated coverage of more than one aspect of behavior) must be taken. Some state boards require a separate course in Social Psychology, so you need a course beyond one that integrates Social with another area.</p>	
Area 1 (Biological)	<ul style="list-style-type: none"> ○ PSYC 550#: BSN-Core Fundamentals of Systems Neuroscience (Biological, Cognitive, Developmental & Affective) ○ PSYC 552: BSN-Core Animal Behavior & Evolution (Biological) ○ PSYC 730#: Conceptual Foundations of Neurobiology & Neuroimaging (Biological & Cognitive) ○ PSYC 770#: Neurobiology and Application of Sleep & Circadian Rhythms (Biological, Cognitive & Affective)
Area 2 (Cognitive)	<ul style="list-style-type: none"> ○ PSYC 554: CCS-Core Fundamentals of Human Cognition (Cognitive) ○ PSYC 555#: CCS-Core Memory, Emotion, Social Cognition & Thinking (Cognitive & Affective) ○ PSYC 543#: DS-Core Cognitive and Social Development (Cognitive & Social) ○ PSYC 730#: Conceptual Foundations of Neurobiology & Neuroimaging (Biological & Cognitive)
Area 3 (Social)	<ul style="list-style-type: none"> ○ PSYC 770#: Social Psychology (Social & Affective)
Area 4 (Affective)	<ul style="list-style-type: none"> ○ PSYC 550#: BSN-Core Fundamentals of Systems Neuroscience (Biological & Affective) ○ PSYC 770#: Neurobiology & Application of Sleep & Circadian Rhythms (Biological & Affective) ○ PSYC 770#: Social Psychology (Social & Affective)
Area 5 (Developmental)	<ul style="list-style-type: none"> ○ PSYC 543#: DS-Core Cognitive & Social Development (Cognitive & Developmental) ○ PSYC 543#: DS-Core Developmental Theory & Methods (Developmental)

Note: Keep all your syllabi as documentation in case you are challenged by a state board on fulfilling a requirement

Clinical Science Concentration

PSYC 750 Clinical Practicum through 5th year or until Internship

Path to the PhD - Milestones

If you have questions, first consult the Psychology Department Graduate Manual, then, if still not clear, ask your mentor or the Director of Graduate Studies (DGS) and/or the Graduate Program Coordinator for assistance.

First Year

- Select your FAC
- First Year Portfolio
- First FAC Meeting
- Feedback
- Annual Evaluations
- Annual Evaluation (PWC-Ratings CS only)

Second Year

- Second Year Portfolio
- Second Year Meeting
- Master's Defense
- Annual Evaluations
- Annual Evaluation (PWC-Ratings CS only)

Third Year

- Platform Paper Submission
- Quads Committee Assigned
- Receive Quads Questions
- Submit Response to Quads Questions
- Quads Defense
- Annual Evaluation (PWC-Ratings CS only)

Fourth Year

- Apply for Candidacy
- Dissertation Research/Writing
- Timeline to graduation
- Dissertation Proposal Meeting

Fifth Year

- If needed, revise timeline to graduation
- Apply for graduation
- Dissertation Defense
- Dissertation Submission
- Clinical Internship Letter (CS only)
- Summative Evaluation (PWC Ratings- CS only)
