Also, please describe or provide a link to program admissions policies that allow students to enter with credit for prior graduate work, and the expected

implications for time to completion. Please indicate NA if not applicable:

Credit for prior graduate work may be approved by the Clinical Science Director for some program requirements. Typical, prior course work does not always change the expected time to degree. https://gs.emory.edu/includes/documents/sections/handbook/handbook.pdf See Section 1.3 Transfer Credit or Programs
