

Emory Psychology Graduate Program

****Faculty mentors considering applications for fall 2022****

Note: Some faculty are affiliated with more than one concentration area. Faculty who are considering applications may be open to co-mentoring with faculty who are not listed as considering applications for fall 2022. If you have a particular co-mentoring team in mind, or want to consider the idea of being co-mentored, be sure to email your potential primary mentor (someone considering applications in your chosen primary concentration area) and explore the idea with them.

Graduate Program Concentration Areas
