

# The Emory Psychology PhD Overview of Requirements Checklist

For students who entered the psychology doctoral program fall 2020 (and later), and fall 2019 entrants who opted into the concentrations program

## ALL STUDENTS MUST COMPLETE TO GRADUATE

- Psyc 562 Stats I Design and Analysis (3 credits)**
- Psyc 563 Stats II Predictive Modeling (3 credits)**
- Psyc 760 Teaching Practicum (2 credits)**

### Teaching Requirements

- Years 1-3**
- TATT 600 (Workshop)
  - TATT 605 (TA – 1)
  - TATT 605 (TA – 2)
  - TATT 610 (TA – 3)

### Laney JPE Requirements

- JPE 600 (Workshop)
- JPE 610 – Session 1
- JPE 610 – Session 2
- JPE 610 – Session 3
- JPE 610 – Session 4

## Concentrations – Core Coursework

Take the 2 core courses for your primary concentration area and 1 core course from another concentration area

**NOTE**

If you have a secondary concentration, then you are required to take the 2 core courses for your primary concentration and the 2 core courses of your secondary concentration

### Behavioral and Systems Neuroscience

- Psyc 550 Fundamentals of Systems Neuroscience
- Psyc 552 Evolution and Animal Behavior

### Clinical Science

- Psyc 541 Personality Psychopathology
- Psyc 542 Clinical Research Methods
- + Additional CS coursework requirements to become eligible for licensure (see pgs. 4 & 5)

### Cognitive and Computational Sciences

- Psyc 554 Perception, Action, and Language
- Psyc 555 Memory, Emotion & Social Cognition and Thinking

### Developmental Science

- Psyc 543 Cognitive and Social Development
- Psyc 544 Developmental Theory and Methods

(Requirements for all students continued on next page)

**1 Elective Course (3 credits)** *Can be from inside or outside the department*

Name of Elective Course taken:

Course number:

Department name:

### Track other Elective Courses you have completed

**Offered in Department of Psychology:**

*You can add other elective courses that you complete, below:*

- |  |                          |
|--|--------------------------|
| <input type="checkbox"/> <b>Psyc 770 Multilevel Modeling (3 credits)</b>   | <input type="checkbox"/> |
| <input type="checkbox"/> <b>Psyc 770 Grant Writing (2 credits)</b> This course is a 2-part sequence. You must complete the full sequence to get the credits. | <input type="checkbox"/> |
| <input type="checkbox"/> <b>Psyc 770 Latent Variable Models (3 credits)</b>  | <input type="checkbox"/> |

### **Required Research Seminar Rotation (2 credits)**

Required in Years 1 through 3, and strongly recommended in Years 4 and 5. Each seminar will combine students and faculty from two concentrations.

Psyc 777 Research Seminar A		
Year 1	<input type="checkbox"/> Fall	<input type="checkbox"/> Spring
Year 2	<input type="checkbox"/> Fall	<input type="checkbox"/> Spring
Year 3	<input type="checkbox"/> Fall	<input type="checkbox"/> Spring

Psyc 778 Research Seminar B		
Year 1	<input type="checkbox"/> Fall	<input type="checkbox"/> Spring
Year 2	<input type="checkbox"/> Fall	<input type="checkbox"/> Spring
Year 3	<input type="checkbox"/> Fall	<input type="checkbox"/> Spring

Research Credits (varies 3-12 credits)			
<input type="checkbox"/> <b>Psyc 597 Direct Study (1st year)</b>	<input type="checkbox"/> Fall	<input type="checkbox"/> Spring	<input type="checkbox"/> Summer
<input type="checkbox"/> <b>Psyc 599 Masters Research (2nd year)</b>	<input type="checkbox"/> Fall	<input type="checkbox"/> Spring	<input type="checkbox"/> Summer
<input type="checkbox"/> <b>Psyc 797 Direct Research (3rd year)</b>	<input type="checkbox"/> Fall	<input type="checkbox"/> Spring	<input type="checkbox"/> Summer
<input type="checkbox"/> <b>Psyc 799 Dissertation Research (4th year and beyond)</b>	<input type="checkbox"/> Fall	<input type="checkbox"/> Spring	<input type="checkbox"/> Summer

*(Requirements for all students continued on next page)*

## Applied for External Funding

An explicit requirement of the Psychology Department is that each student must submit, within the first four years, at least one grant proposal to a federal program or private foundation or other external source that would, if funded, provide some stipend and/or research support.

Please check  if you have applied for external funding at least once in your first four years of the psychology graduate program.  
Please provide details of this first application, and subsequent applications for external funding.

### First application for external funding

Name of the agency:

Date applied for funding:

Amount of funding:

### Second application for external funding

Name of the agency:

Date applied for funding:

Amount of funding:

### Third application for external funding

Name of the agency:

Date applied for funding:

Amount of funding:

### Fourth application for external funding

Name of the agency:

Date applied for funding:

Amount of funding:

# Clinical Science Concentration

Required Courses	<i>Course open to other concentrations?</i>
<input type="checkbox"/> Psyc 546 Intervention I (3 credits)	Yes, but with a prerequisite: must have completed abnormal or psychopathology course(s)
<input type="checkbox"/> Psyc 750H Intervention Lab (1 credit)	
<input type="checkbox"/> Psyc 548 Assessment I (3 credits)	✓
<input type="checkbox"/> Psyc 750L Assessment I Lab (1 credit)	
<input type="checkbox"/> Psyc 702 Psychology and Ethics (3 credits)	✓
<input type="checkbox"/> Psyc 770 History of Psychology (1 credit)	✓
<input type="checkbox"/> Psyc 770 Social Psychology (3 credits)	✓
<input type="checkbox"/> Psyc 770 Professional Issues (1 credit)	
<input type="checkbox"/> Psyc 750 External Community Practicum (3-12 credits)	

## Discipline Specific Knowledge Areas covered by Concentration Core Courses

APA/COA or state licensing requires each student to meet Discipline Specific Knowledge (DSK) in five areas. Listed below are the DSK areas and the courses that we routinely teach that satisfy the requirement:

<b>Area 1 (Bio)</b>	<ul style="list-style-type: none"> <li>○ BSN-CS* Fundamentals of Systems Neuroscience (Psyc 550)</li> <li>○ BSN-CS* Animal Behavior and Evolution (Psyc 552)</li> <li>○ fMRI course (Psyc 730)</li> <li>○ Neurobiology and Application of Sleep and Circadian Rhythms (Psy 770)</li> </ul>
<b>Area 2 (Cognitive)</b>	<ul style="list-style-type: none"> <li>○ CCS-CS* Memory, Emotion &amp; Social Cognition, and Thinking (Psyc 555)</li> <li>○ Dev-CS* Cognitive and Social Development (Psyc 543)</li> <li>○ CCS-CS* Fundamentals of Human Cognition (Psyc 554)</li> <li>○ fMRI course (Psyc 730)</li> </ul>
<b>Area 3 (Social)</b>	<ul style="list-style-type: none"> <li>○ Social Psych course (Psyc 770)</li> </ul>
<b>Area 4 (Affective)</b>	<ul style="list-style-type: none"> <li>○ BSN-CS* Fundamentals of Systems Neuroscience (Psyc 550)</li> <li>○ CCS-CS* Memory, Emotion &amp; Social Cognition, and Thinking (Psyc 555)</li> <li>○ Development and Psychopathology (Psyc 770)</li> <li>○ Neurobiology and Application of Sleep and Circadian Rhythms (Psy 770)</li> </ul>
<b>Area 5 (Developmental)</b>	<ul style="list-style-type: none"> <li>○ Dev-CS* Cognitive and Social Development (Psyc 543)</li> <li>○ Development and Psychopathology (Psyc 770)</li> <li>○ Dev-CS* Developmental Theory and Methods (Psyc 544)</li> </ul>

**Notes:** (i) You must have an integrative course -- but since you are required to take a core course outside of CS, that will be covered automatically (ii) You should not count fMRI as both Bio and Cog because some states look at transcripts and count the number of credits (iii) You do not need a course titled with 'affective' but you must keep all your syllabi as documentation in case you are challenged (on any requirement)

# Clinical Science Concentration

## PSYC 750 Clinical Practicum through 5th year or until Internship

Check when completed and list supervisor

**PSYC 750 Clinical Supervision**

### 1st year

Summer Supervisor \_\_\_\_\_

### 2nd year

Fall Supervisor \_\_\_\_\_

Spring Supervisor \_\_\_\_\_

Summer Supervisor \_\_\_\_\_

External Practicum

Setting \_\_\_\_\_ Supervisor \_\_\_\_\_

### 3rd year

Fall Supervisor \_\_\_\_\_

Spring Supervisor \_\_\_\_\_

Summer Supervisor \_\_\_\_\_

External Practicum

Setting \_\_\_\_\_ Supervisor \_\_\_\_\_

### 4th year

Fall Supervisor \_\_\_\_\_

Spring Supervisor \_\_\_\_\_

Summer Supervisor \_\_\_\_\_

External Practicum

Setting \_\_\_\_\_ Supervisor \_\_\_\_\_

### 5th year

Fall Supervisor \_\_\_\_\_

Spring Supervisor \_\_\_\_\_

Summer Supervisor \_\_\_\_\_

External Practicum

Setting \_\_\_\_\_ Supervisor \_\_\_\_\_

**Pre-Doctoral Internship:** (Program Name)  
\_\_\_\_\_

Begin Date: \_\_\_/\_\_\_/\_\_\_

End Date: \_\_\_/\_\_\_/\_\_\_

# Path to the PhD - Milestones

If you have questions, first consult the Psychology Department Graduate Manual, then, if still not clear, ask your mentor or the Director of Graduate Studies (DGS) and/or the Graduate Program Coordinator for assistance.

## First Year

- Select your FAC
- First Year Portfolio
- First FAC Meeting
- Feedback
- Annual Evaluation

## Second Year

- Second Year Portfolio
- Second Year Meeting
- Master's Defense
- Annual Evaluation

## Third Year

- Platform Paper Submission
- Quals Committee Assigned
- Receive Quals Questions
- Submit Response to Quals Questions
- Quals Defense

## Fourth Year

- Apply for Candidacy
- Dissertation Research/Writing
- Timeline to graduation
- Dissertation Proposal Meeting

## Fifth Year

- If needed, revise timeline to graduation
- Apply for graduation
- Dissertation Defense
- Dissertation Submission
- Clinical Internship Letter (CS only)
