Emory Infant & Child Lab
Application for Undergraduate Research Assistant

Thank you for your interest in Dr. Phillipe Rochat’s Infant & Child Lab!

As a research assistant, your responsibilities may vary depending on the assigned project but some tasks you may be asked to complete include:

- Literature searches using psychology databases
- Organizing, coding, and managing data
- Providing support to graduate students
- Recruitment and scheduling of participants
- Other various office tasks

For the first year, we require a 2 semester 10 hour/week commitment. One of those hours will include a weekly Lab Meeting on Fridays from 12:00-1:00pm. Although it is not required, we do recommend attending the Culture Club journal club meetings for 2 additional hours.

Once you have completed the application, please email it along with a copy of your resume or CV to Natalie Eldred (Natalie.eldred@emory.edu)

We appreciate your interest in the Emory Infant & Child Lab!
We will be in contact with you soon!
